

## Doc's 3-Hour Free Dating Seminar

Have you ever gotten the cold shoulder from a woman and not known WHY?

Have you ever gotten shot down by a woman only to see her open up with a beaming smile when someone else approaches her?

Have you ever been stricken by a paralyzing fear that keeps you from approaching women you would love to meet?

The biggest mistake men make is thinking attracting women is about WHAT you DO or SAY.

In fact, attraction is about HOW you do it and WHO you are. Real attraction is about projecting the right qualities so that she is attracted to you BEFORE you even approach her.

This seminar puts the focus on BEING attractive; naturally, without pick-up lines, routines, or gimmicks.

You'll never run out of things to say when you know exactly HOW to talk to women in a way that keeps them hooked and has them working to get YOUR attention.

Some of the things I will cover :

- The biggest mistakes most guys make with women and why you've probably blown it BEFORE you've even tried talking to her
- Why you are probably ruining your chances of meeting the right person BEFORE you even leave the house.
- The most common dating mistakes you are probably making right now with women and how to avoid them
- What your first impression says about you
- The 5 qualities that women find irresistible and can't help be attracted to

- 3 steps to go from meeting her to dating her
  
- How to make women approach you: The "shy guy's guide" to getting girls to talk to you, like you and want you
  
- The 5 most important ingredients for creating "the right chemistry";
  
- Powerful techniques for Overcoming fear and shyness
  
- Sex secrets: Never-fail ways to satisfy a woman and get her coming back for more

This Introductory seminar usually costs \$ 200 but is being offered free for you as an introduction to the Full-Weekend Transformational Workshops. Seating is limited, so please reserve a seat online, in a city near you.
